Students are policing themselves: The students are starting to make the administration aware of peers that are not "doing the right things" at school.

Please continue to point parents with concerns to me>

Bus:

1. We returned the bus keys and title to the church and explained that the bus was not going to benefit the school due to the amount of work needed to get it ready for use.
2. We have a lead on a bus for approximately \$2000. It is a 24 passenger. The title was lost so we will negotiate when the new title is received.

Sports: GMC and TR-YMCA have entered into an agreement to allow us to use the old TR high school gym as our home gym.

Open House: We had approximately 100 in attendance at the information meeting.

Meeting with Dr. Fisher and SDGC:

1. One of the main reasons for the meeting was to let the school district administration know who has authority to negotiate with them regarding services and funding issues. The school district was informed who the authorized persons were for Greer Middle College.
2. The school district and each of the GTC charter schools pledged to work together in the future. It was agreed that we can accomplish more working together rather than against each other.
3. Laura Hurd is no longer the liaison at the school district for the charter schools. The new liaison is Marjorie Dowd.
4. After the meeting with Dr. Fisher, we had a meeting with Alex Martin regarding Perkins money. He stated we will receive all funds we are entitled to.

**Development Report** Mr. Roach gave the report for Melaine

  - We have two students wanting to transfer to the school that attended open house.
  - All participants that attended open house have received a follow up communication of some form.
6. Current enrollment:

a.	9 <sup>th</sup> Grade	106
b.	10 <sup>th</sup> Grade	104
c.	11 <sup>th</sup> Grade	<u>76</u>
	Total	286

7. Chick-fil-A Calendars:
  - a. \$1256 collected and there are still \$1087 worth of calendars have not been turned in as of today.
8. A Memo of Understanding (MOU) is being drafted for the property for the new building. There is no need to negotiate a lease until the building process is near the beginning stages. This is a necessary tool for seeking funds from financial institutions. Melanie and Joel Welch are working with the proper persons at Greenville Tech on this.
9. There was some discussion regarding the movie "Waiting for Superman". David Dolge previewed the movie and gave his opinion.
