## Report of Principal and School Improvement Council

Greer Middle College Charter High School (GMC) is located on the Greer campus of Greenville Technical College in Northern Greenville County. GMC opened its doors in the fall of 2008 with approximately 100 freshmen. The school has continued to grow and add a class each year. This school year GMC celebrated its first graduating class. Greer Middle College has built a number of support systems into the daily life of the school. The school operates on an A/B schedule which allows students the opportunity to earn eight credits a year. With a maximum of 420 students, the staff at GMC can spend time identifying strengths and weaknesses for each student and help prevent students from falling through the cracks. GMC also provides academic assistance after school for students to receive additional help from their teachers. Greer Middle College has also implemented several initiatives that provide support to help students be successful. Some of these initiatives include project-based learning, a school wide honor code, an advisory system, and collaboration between the high school and college instructors. This continuous evaluation of our student's academic performance allows us to better meet their needs. During the 2011-2012 school year, Greer Middle College students completed over 550 college courses through Greenville Technical College with over a 95% passage rate. GMC also had five seniors earn an associates degree from Greenville Technical College, two of these students earned dual associates degrees. GMC was also one of only four high schools in Greenville County to make AYP this past year. Greer Middle College has established strong partnerships with Greenville Technical College, the Middle College National Consortium, other charter schools across the State and Nation, and the Greer Chamber of Commerce. Along with these strong partnerships, Greer Middle College strives to prepare our students to not only be life long learners, but also active and productive members of our society.

**ESEA/Federal Accountability Rating System**

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
